## 1 AMERICAN REVOLUTION MUSEUM AT YORKTOWN • DINNER:

This morning we travel to the tidewater of Virginia. We visit the American Revolution Museum at Yorktown which celebrates the American victory over Lord Cornwallis and the British that signified the end of the American Revolution. Browse through a living military camp depicting the history of the war from the Boston Tea Party to the British surrender at Yorktown. We enjoy dinner together before checking into our Williamsburg area hotel. **D**

## 2 COLONIAL WILLIAMSBURG • GOVERNOR'S PALACE • YANKEE CANDLE VILLAGE:

restored to their former appearance. It was on this very spot that George Washington, Thomas Jefferson, Patrick Henry, and other Virginia patriots helped to shape the foundations of the American republic. Nothing compares to Yankee Candle Village for creating a lasting impression. Shop at one of the world's largest candle stores with 400,000 candles and more than 200 different scents, then dip your own candle to take home.

## 3 JAMESTOWN SETTLEMENT • HOME:

This morning we visit Jamestown, the first permanent English-speaking

settlement in North America. The little band of men that settled here were the industrious sort, producing glass in 1608 introducing the first commercial tobacco cultivation in 1612, and establishing this country's first governing body in 1619. We have a chance to board replicas of the ships in which these men first braved the open seas, the *Susan Constant*, *Godspeed*, and *Discovery*, and experience life as it was in the old days of the colony. Take time to see the new permanent exhibits, an introductory film, and revitalized living-history areas at Jamestown Settlement as they present the story of 17<sup>th</sup>-century Virginia and its Powhatan Indian, English, and western central African cultural origins, drawing on a wealth of historical information that has been revealed by archaeological and documentary research of the past decade. We arrive home late in the afternoon.
